2024 Michigan Medicaid Formulary

Introduction

Meridian is pleased to provide an updated 2024 Medicaid Formulary as a reference and informational tool for providers, pharmacists, and patients. The purpose of the Meridian formulary is to help providers choose clinically fit and cost-effective products for their patients. This document has facts about the drugs we cover in this plan.

Pharmacy and Therapeutics (P&T) Committee

Meridian uses the State of Michigan criteria for the formulary items to determine coverage. For items not on the list or formulary Meridian would depend on our internal P&T Committee made up of providers, pharmacists, and healthcare professionals. The clinical information within the formulary was derived from medical literature and is reviewed and approved by the P&T Committee.

Notice

The information contained in this formulary is provided by Meridian, solely for the convenience of medical providers. This formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. Meridian assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

Preface

The Meridian formulary is organized in sections. Each section includes therapeutic groups named by either drug class or disease state. Brand and common names are included as a reference to help in product recognition. Brand name drugs are capitalized (e.g., CONCERTA) and generic drugs are listed in lower-case italics (e.g., methylphenidate HCL).

Meridian will not cover prescription drugs that are prescribed for experimental, investigational, or non-FDA approved indications, dosages, or routes of administration.

Formulary Components

The Meridian formulary contains covered medications without authorization, medications that must meet step therapy protocol, medications that need prior authorization, specialty medications, and medications that have quantity limits. Members will not be charged a co-pay when Meridian covers a medication.

Generic Substitution

Meridian is a mandatory generic plan. Michigan Department of Health and Human Services (MDHHS) has mandated that some brand medications are to be covered over the generic medication. Generic medication will be dispensed when available.

Covered Medications without Authorization

Meridian covers many medications without requiring authorization. These medications include many prescriptions and over-the-counter medications (with a valid prescription).

Non-Covered Benefits

The following categories are not covered benefits: medications used for cosmetic purposes, to promote fertility, for sexual dysfunction, for experimental or investigational purposes, or medications that are not licensed for use in the United States.

Tier Descriptions

Tier Number	Tier Name	Tier Description

3	Non-PDL	MDHHS mandated Non-PDL coverage. Prior authorization required. Some products may require prior authorization, have quantity limitations, gender restrictions, step therapy, specialty restrictions, and/or age limitations.

Benefit Exception
The process for requesting non-formulary medication(s) requires covermymeds submission or faxing a completed Formulary Exception form indicating the request for an exception to the formulary. This request must include pertinent clinical documentation showing trial and failure of all formulary agents. It should also contain information showing the medication is the standard of care for the indication provided (peer- reviewed journal articles may be required). Please call the Help Desk at **866-984-6462**, fax completed Formulary Exception forms to **877-355-8070** or follow the covermymeds prior authorization process.

Pharmacy Benefit Management
Meridian utilizes Express Scripts to manage each member's pharmacy benefit. Express Scripts provides Meridian with a pharmacy network, pharmacy claims management services, and claims adjudication. This formulary is up to date through the date of publication. Please notify Meridian of any mistakes in the formulary. A copy of this formulary can be mailed upon request. The Help Desk can be contacted at **866-984-6462.**
