

Preferred Drug List - Standard Opt Out

The **Preferred Drug List - Standard Opt Out** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

PLAN MEMBER

Your benefit plan provides you with a prescription benefit program. Ask your doctor to consider prescribing, when medically appropriate, preferred medicine from this list. Take this list along when you or a covered family member sees a doctor.

Please note:

- Your specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document.
- Your prescription benefit plan design may alter coverage of certain products or vary copay¹ amounts based on the condition being treated.
- For specific information regarding your prescription benefit coverage and copay information, please contact Pharmacy Services representative at 1-800-460-8988.
- Your insurance may contact your doctor after receiving your prescription to request consideration of a drug list product or generic equivalent. This may result in your doctor prescribing, when medically appropriate, a different brand-name product or generic equivalent in place of your original prescription.
- In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market.

HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand name on this list.

Please note:

- Generics should be considered the first line of prescribing.
- The member's prescription benefit plan design may alter coverage of certain products or vary copay amounts based on the condition being treated.
- This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document.
- The member's prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Contact Pharmacy Services representative at 1-800-460-8988 to check coverage and copay information for a specific medicine.

ANALGESICS

§ COX-2 INHIBITORS

celecoxib

§ GOUT

allopurinol
colchicine
probenecid

§ NSAIDs

diclofenac sodium
ibuprofen
meloxicam
naproxen

§ NSAIDs, COMBINATIONS

diclofenac sodium-misoprostol

§ NSAIDs, TOPICAL

diclofenac sodium gel 1%
diclofenac sodium solution

§ ANTIALLERGENICS
azelastine

bepotastine
cromolyn sodium
olopatadine
LASTACFT
ZERVIAE

§ ANTI-INFECTIVES

ciprofloxacin
erythromycin
gentamicin
levofloxacin
moxifloxacin
ofloxacin
sulfacetamide
tobramycin
BESIVANCE
CILOXAN OINTMENT

**§ ANTI-INFECTIVE /
ANTI-INFLAMMATORY
COMBINATIONS**

neomycin-polymyxin B-
bacitracin-hydrocortisone
neomycin-polymyxin B-
dexamethasone
tobramycin-dexamethasone
TOBRADEX OINTMENT
TOBRADEX ST

ANTI-INFLAMMATORIES**§ Nonsteroidal**

bromfenac
diclofenac
ketorolac
ACUVAIL
ILEVRO
NEVANAC

§ Steroidal

dexamethasone
difluprednate
loteprednol
prednisolone acetate 1%
FML FORTE
FML S.O.P.
MAXIDEX
PRED MILD

§ ANTIVIRALS

trifluridine

BETA-BLOCKERS**§ Nonselective**

timolol maleate solution
BETIMOL

Selective

BETOPTIC S

**§ CARBONIC ANHYDRASE
INHIBITORS**

brinzolamide
dorzolamide

**§ CARBONIC ANHYDRASE
INHIBITOR / BETA-
BLOCKER COMBINATIONS**

dorzolamide-timolol

**CARBONIC ANHYDRASE
INHIBITOR /
SYMPATHOMIMETIC
COMBINATIONS**

SIMBRINZA

DRY EYE DISEASE

RESTASIS
XIIDRA

§ PROSTAGLANDINS

latanoprost
travoprost
LUMIGAN
ZIOPTAN

RETINAL DISORDERS

EYLEA
LUCENTIS

RHO KINASE INHIBITORS

RHOPRESSA

**RHO KINASE INHIBITOR /
PROSTAGLANDIN
COMBINATIONS**

ROCKLATAN

§ SYMPATHOMIMETICS

brimonidine
ALPHAGAN P

**SYMPATHOMIMETIC / BETA-
BLOCKER COMBINATIONS**

COMBIGAN

OTIC**§ ANTI-INFECTIVES**

acetic acid
ofloxacin otic

**§ ANTI-INFECTIVE /
ANTI-INFLAMMATORY
COMBINATIONS**

ciprofloxacin-dexamethasone
neomycin-polymyxin B-
hydrocortisone

FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Please contact Pharmacy Services at 1-800-460-8988 to check coverage and copay information for a specific medicine.

§ Generics are available in this class and should be considered the first line of prescribing.

† The preferred options in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

¹ Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

² For use in patients previously treated with an HCV regimen containing an NS5A inhibitor (for genotypes 1-6) or sofosbuvir without an NS5A inhibitor (for genotypes 1a or 3).

³ BD ULTRAFINE syringes and needles are the only preferred options.

⁴ ACCU-CHEK or ONETOUCH brand test strips are the only preferred options.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

The information contained in this document is proprietary. The information may not be copied in whole or in part without written permission.
